

We make all of our hors d'oeuvres ourselves in-shop. We cook seasonally and work to create new items every season, so make sure to enquire. We can accommodate any food allergy or preference you may have.

For post-ceremony or a small party, choose from the list below. For larger parties, try adding some crudite items or party sandwiches. These would be put out on a table for people to help themselves.

Crudite table items include fruits and cheeses with crackers, veggies and dip, artichoke dip with nachos, hummus with toasted pita wedges or warm crab and red pepper dip with puff pastry batons.
